

EZ Coach Accessibility Statement: <https://www.ezcoachco.com/accessibility>

At EZ Coach, we are committed to ensuring digital accessibility for all users, including individuals with disabilities. We strive to continually improve the user experience for everyone and apply the relevant accessibility standards to ensure our platform is accessible and usable by the widest possible audience.

MEASURES TO SUPPORT ACCESSIBILITY

To achieve our accessibility goals, EZ Coach has implemented the following measures:

Accessibility Integration: Accessibility is a core component of our development process. We consider accessibility from the outset and incorporate it into the design and development of our platform.

Standards Compliance: We aim to comply with the Web Content Accessibility Guidelines (WCAG) 2.1 Level AA, which are recognized and respected as the international standard for web accessibility.

Ongoing Improvement: We conduct regular accessibility audits and user testing to identify and resolve accessibility issues. Feedback from users is crucial in our efforts to maintain and improve accessibility.

Training and Awareness: Our team receives ongoing training to stay informed about the latest accessibility best practices and technologies.

ACCESSIBILITY FEATURES

Some of the accessibility features we have implemented include:

Keyboard Navigation: Our website is navigable by keyboard alone, allowing users who cannot use a mouse to access all content and functionality.

Text Alternatives: We provide text alternatives for non-text content, such as images and videos, to ensure all users have access to the information.

Contrast and Readability: We use high contrast colors and readable fonts to enhance visibility and readability for users with visual impairments.

Responsive Design: Our website is designed to be responsive, meaning it adjusts to fit different screen sizes and devices, ensuring a consistent and accessible experience for all users.

Accessible Forms: Our forms are designed to be accessible, with clear labels and instructions, ensuring that users can easily interact with and submit forms.

FEEDBACK AND ASSISTANCE

We welcome your feedback on the accessibility of EZ Coach. If you encounter any accessibility barriers or have suggestions for improvement, please contact us at info@EZCoach.ai.

We aim to respond to accessibility feedback within five (5) business days and will do our best to resolve any issues promptly.

CONTINUOUS IMPROVEMENT

Accessibility is an ongoing effort, and we are committed to continuously improving the accessibility of our platform. We regularly review our website to identify and address any accessibility issues and to ensure we are meeting the needs of all our users.

Thank you for using EZ Coach and helping us create an inclusive and accessible experience for everyone.
